TASTE THE CRUNCH

Jazz™ apples are famous around the world for their tangy - sweet taste and refreshing, juicy bite.

The result of natural breeding between Royal Gala and Braeburn varieties; the Jazz™ apple has proven itself as a champion of apples with its naturally smaller size, unique appearance and zingy taste.

Putting the crunch back into apples.

Pretty in pink

A natural Gala/Splendour cross, Pacific Rose™ gets its signature pink hue from Splendour (a heritage apple variety from New Zealand). Its unique taste profile combines both parents' flavors to perfection. Refreshing, sweet and crisp—the distinctive rosy-pink blush makes a "too pretty to resist" colour break for your apple set.

Sweeter with age

Pacific Rose™ is a large-sizing apple variety with a thin skin and good shelf life. It will keep for more than a month when refrigerated, and becomes pleasingly sweeter as the starch converts to sugar.

Ideally suited for fresh snacking and adding crunch to salads, Pacific Rose™ has the natural sweetness to enhance any dish.

Available from Washington November-April.

BITE & BELIEVE

It's hard to put into words what makes Envy™ so remarkable. Each satisfying crunch redefines what to expect from an apple.

It is literally the fruit of more than half a century of experience and innovation that has led to the introduction of cornerstone varieties like Granny Smith, Braeburn, Royal Gala, Jazz™ — and now Envy™.

It is nothing short of a natural phenomenon.

Three outstanding varieties now available from CMI Orchards; Jazz®, Envy® and Pacific Rose®.
